The background of the image is a financial market data dashboard. It features a dark theme with various market indices and their corresponding values and percentage changes. A prominent diagonal line, colored in a light blue/cyan, splits the image from the bottom-left towards the top-right. The left side of the image shows a line chart with multiple data series in different colors (blue, green, red, yellow) plotted against a dark background. The right side is a solid dark brown/grey color. The text 'Thank You' is written in a large, white, sans-serif font across the center of the image, spanning both the charted area and the solid background.

# Thank You
